**BAD WEATHER IS
NOW INTERFERING
WITH THE ARMIES****Incessant Rain Is Reported
Along the Whole West-
ern Front.****GERMANS ACTIVE IN CHAMPAGNE****Launch Five Furious Attacks Upon
the Russian Troops Who Have Re-
inforced the French, but are Driven
Back Each Time. Britons Gain.**

By Associated Press.
PARIS, Sept. 19.—The Germans took the offensive in the Champagne last night, making five successive attacks on the Russian troops. Today's official report says that each time they were checked by the Russian machine gun and artillery fire. The German attack in Champagne was made in the sector between South and Somme-Py.

On the Somme front operations were hindered by bad weather.

HARD RAINS A HANDICAP.
LONDON, Sept. 19.—"Heavy and continuous rain has fallen during the last 24 hours," says today's official account of operations on the Franco-Belgian front. "The general situation is unchanged."

"In the neighborhood of Richenbourg l'Avance, northwest of Lens, we entered the enemy's trenches at three places, capturing prisoners and a machine gun, and inflicting many casualties. Our casualties were very slight."

"Since last night's report, five more of our aeroplanes have failed to return."

GAIN NO GROUND.

PARIS, Sept. 19.—The Bulgarians on the Macedonian front have made two counter attacks against the Serbians, but gained no success. It was announced officially here today. The Bulgarians and Germans have not attempted a counter attack against the French troops, which captured Florina. There is no change on the Struma front.

SKY HERO MISSING.

PARIS, Sept. 19.—Flight Lieutenant de Rochefort, who brought down his sixth German machine on Saturday, has been posted as missing. Flight Adjutant Tarascon, who was mentioned in yesterday's official statement by the war office, as having brought down his fifth enemy machine, has only one. The other pilot was unaccounted for as a result of an aeroplane accident prior to the war. Adjutant Tarascon's artificial leg was smashed by a shell splinter during one of his latest daring flights.

TEUTONS DRIVEN BACK.

PITTSBURGH, Sept. 19.—Strabbing fighting is in progress between Russians and Austro-German troops in the region of the River Narayanka in Galicia, says the official statement issued today by the Russian war department. All the Teuton attacks, the statement adds, were repelled with heavy losses.

GIVEN PAIN TO THIS.

By Associated Press.
Ty Cobb Says Speaker Will Lead League in Hitting.

DETROIT, Sept. 19.—Ty Cobb, R.

Cobb, for nine years the leading batsman of the American League, today conceded that "Tris Speaker" of the Cleveland club would be the 1916 champion. Speaker now has a margin of nearly 30 points over Cobb, according to unofficial averages. Cobb said it is "human impossibility" for him to try to run down this lead, and at the same time co-operate in team play to the fullest extent of his ability. Cobb's individual efforts won two of Detroit's recent victories.

PHYSICIAN IS HELD.

Alabama Man Is Accused of Killing Fellow Practitioner.

BENEFIT, Ala., Sept. 19.—Dr. J. E.

Haynes is being held under a \$5,000 bond for murder in connection with the death of Dr. William M. Avery, who died Sunday night at a hospital here. It is said that death was caused by a fractured skull, alleged to have been received in a fight with Dr. Haynes Saturday.

DISCUSS BORDER PLANS

No Consideration of Mexican Internal Affairs Is Undertaken Yet.

NEW LONDON, Sept. 19.—The joint

Mexican-American Commission today resumed discussion of plans for protection of the international border. The American members will not attempt to force the consideration of internal affairs, but the Mexican members indicated that discussion of this subject as incident to questions affecting the border situation would not be opposed. It was not expected that any agreement would be reached today.

**CIVIL TRIALS
ARE TAKEN UP****Real Work of the Long September Term Is Finally Gotten Under Way.**

Special to The Courier.

CONNELLVILLE, Sept. 19.—Civil trials in common pleas court finally began today after yesterday had been wasted in attempting to take up some of the eight cases set for trial at that time. There are four cases listed for trial today, and the first was called before Judge J. Q. Van Swearingen in court room No. 1 this forenoon.

The case of Charles S. Boyd of Dawson, against the Baltimore & Ohio railroad company was tried today before Judge Van Swearingen. Mr. Boyd asked \$10,000 damages from the railroad company for the alleged removal of a sidetrack and switch. The plaintiff testified that he entered into an agreement with the officials of the railroad whereby they agreed to construct a switch and siding about 100 feet in length for the exclusive use of Mr. Boyd, and he paid the full cost of the construction. The railroad discontinued the use of the siding without notice to him. It was claimed. The jury awarded Boyd \$30.

In Judge L. H. Ruppert's court was called the case of James Hoyer and others against Mrs. Florence D. Hoyer of Calontown. The action is a framed issue to determine the ownership of about \$2,500 which has been paid into court. The money was received from a beneficiary order after the death of Mrs. Hoyer's husband, and claim is made to the funds by brothers of the deceased and the wife. After the case was called, Dr. J. D. Sturgeon was called to the witness stand and testified that Mrs. Hoyer is ill, and unable to come to court. He testified that she has been ill for some time, and he said that he did not believe that she will be able to come into court within the next month. Judge Ruppert continued the case until January.

Afternoon the damage suit of Edwin Williams against Stewart township was taken up. Williams wants \$5,000 for injuries which were caused when he was thrown from a wagon on the Bryner's Ridge road. The wagon struck a large stone, which dislodged Williams from his seat upon a rough box, being taken to the Bryner's Ridge cemetery.

TENTH WILL REMAIN**First, Second and Third Regiments May Soon Return.**

By Associated Press.

SAN ANTONIO, Sept. 19.—Three regiments of Pennsylvania Infantry will be sent home from the border when the North Carolina guard, three regiments strong, reaches its station at El Paso, it was announced today at Southern Department headquarters. The regiments released will be the First, Second and Third of the First Pennsylvania Brigade. General Funston has decided that when the next lot of fresh regiments of guardsmen permits the release of organizations which have been service on the border, the regiments which first came south will be the first to return home. In this instance priority would go to the First, Second and Third regiments although final decision will be left to Major General Clements, commander of the Pennsylvania division at El Paso.

LAREDO, Tex., Sept. 19.—Private John Cline, Second Missouri regiment, was shot and killed last night by a military guard at Delores as the result of an altercation with the guard. Lieutenant Zillman ordered Cline's arrest and Cline, becoming enraged, leveled his rifle at the lieutenant, whereupon the guard fired.

NO PRAYERS FOR JEWS**Episcopals Are to Eliminate Them, Along with Turks and Heretics.****NEW YORK, Sept. 19.—A proposal**

to omit from the prayerbook of the Episcopal Church prayers for Jews, Turks, infidels and heretics will be submitted from the Episcopal national general convention to be held in St. Louis in October. The proposed changes are approved by the special commission on the revision of the prayerbook. The proposal to eliminate the Jews from Episcopal prayers is based on the ground that it is an insult to class them with infidels and heretics.

CIVIL BOARD SWORN IN.**Experts Take Oath as Members of Naval Consulting Staff.****WASHINGTON, Sept. 19.—Twenty-**

four of America's foremost scientists, comprising the navy's civilian consulting board, headed by Thomas A. Edison, took the oath of allegiance to the United States today as officers of the federal government. The oath was administered in the office of Secretary Daniels preliminary to organization of the board under the new law giving it a legal status.

CONCERT AT SCOTTSDALE.**Grand Army Band Will Give a Good Program Tonight.**

The Grand Army Band of Scottsdale will give its 50th concert this evening at Louisa Park. Miss Azarah Frots will appear as soloist, singing the popular "Sweet Cider Time." The band numbers are well chosen.

**CRAWFORD AVENUE
IS NAME PROPOSED
FOR MAIN STREET****Postmaster McGinnis Suggests Title for the Thoroughfare.****COUNCILMAN DUGGAN FOR IT****Other Changes in Names Are Proposed to Order to Avoid Confusion By Duplication of Names in City Engineer's Refusal to Give Blank.**

A suggestion emanating from Postmaster W. D. McGinnis that Main street be renamed Crawford avenue when council changes the names of streets on the East Side which have duplicates across the river, was discussed by council last night, but action was deferred. Some time ago the postmaster urged that the convenience of postal and express carriers. While suggesting names for these streets, Mr. McGinnis recommended that other streets be renamed. The name Main street, he said in a letter to council, suggests to outsiders that Connellsville is a small town with but one street. Every country town has its "Main" street, he said, and Connellsville is no longer a rural community. He suggested that Main street be renamed Crawford avenue, that, in honor of Connellsville's historic pioneer citizen, and second, to conform with a general plan naming all north and south thoroughfares streets and all east and west streets avenues.

Mr. McGinnis also suggested that Crawford avenue East Side, be christened Lincoln avenue, and that Crawford street on the West Side be known as Eleventh street. Solicitor Hughes favored the change. Main street now has four names, he said. From the Young bridge to Spring alley, it is Spring street; from East alley to the city line it is Main street; from the bridge west to the Pennsylvania railroad it is Main street; and from the railroad west it is Ashmun avenue.

Mr. Duggan also liked the plan of renaming the streets, but Mr. West was very much opposed. The former said that so far as he knew, only one regular city has a Main street, and that is Buffalo, N. Y. He said the name Main Connellsville seems like a country village, similar to Morgan, the birthplace of City Clerk A. O. Bixler, for other small places. Mr. West said it has always been known as Main street and it would be foolish to change it. He said residents would object.

Other changes suggested by the postmaster were that First street, East Side, be renamed Bottom street; Second street changed to Cole street; Third street christened Association street, and Fourth street hereafter be known as Mount street. These are all in Dutch Boston and the names are suggestive of the association grounds. Eighth street, he suggested, should be renamed McCormick street. The latter did not say, but it is presumed this would be in honor of Street Commissioner William McCormick. Tenth street would be known as Jefferson street, and Eleventh street as Penn street.

Mayor Marietta said there already is a Cole alley in the city, but he said there are no residences on it. To make a distinct difference between Connellsville and Connell alley, it was suggested that Connell avenue be made Collins avenue.

The discussion brought out the fact that Main street had once been renamed Penn street, after the consolidation of Connellsville and New Haven, but that Burgess J. L. Evans vetoed the ordinance authorizing the change.

D. O'Connor appeared before council and stated that Engineer S. M. Frost had refused him a specification blank on which to submit a bid on the Arch street paving job. Furthermore, Mr. O'Connor stated, he and his family had been abused by Mr. Frost, even to the extent of making the estimate on the Isabelle road paving job about \$400 short. He received the specifications too late to get a certified check to accompany his bid, Mr. O'Connor stated. He also said that he doubted whether council could award the contract under such conditions. Council took no action.

Bids were received from J. I. Dick, Michael Duggan and Austin & Matthews for the paving of Arch street, which is to be let in three sections. Mr. Duggan's bid appeared to be the lowest. All three will be tabulated, however, and the contract will be awarded at the meeting on Monday night next. Mr. Duggan figured on the cost of the work alone, the city to supply the bricks. The other contractors bid with brick and without. Mr. Duggan's certified check was for \$2,500, which on the basis of 10 per cent of the contract price, would make the cost of the entire job about \$25,000, exclusive of the bricks. Austin & Matthews' check was for \$3,200, and Mr. Dick's for \$500. Solicitor Hughes said the size of Mr. Dick's check would eliminate him from the bidding as the specifications called for 10 per cent of the estimated cost.

Ordinances authorizing the paving of Arch street were passed finally without protest from any of the residents. The ordinances authorizing Continued from Page One.

**STEVENS NOW IN
THE RACE GAME****Has a Stable of Fast Steppers and Plans to Make Dunbar and a Jockey.**

Eleven year old George McQuiggan of Dunbar left this morning for Meyersdale with his uncle, Jack Stevens. There George will become attached to the stables of his uncle and Charles Connors, the jockey. He will learn the racing game and eventually will be allowed to ride some of the horses. Jack Stevens says he will make a famous jockey out of George.

Jack Stevens gave Connellsville the best wrestling match it ever saw two years ago when he brought the champion, Joe Turner, here to go on the mat with Arch Parker. He also provided top-notch talent in the athletic arena and he left town with a reputation for honesty and squareness enjoyed by no other boxing promoter that struck the city. He married Miss McQuiggan of Dunbar and they now have a bounding little girl.

Jack is done with the boxing game, he says. He and Charles Connors have several good horses with which they are cleaning up "on the circuit." Their horses will race at Meyersdale, Cumberland and York. They took first money at Clarkburg last week.

**PROMISES BROKEN,
HUGHES DECLARES;
ATTACKS WILSON****Nominee Uninsparingly Analyzes President's Acceptance Speech.****ARGUMENTS ARE EXTRAVAGANT****Believes Credit Should be Given Where Deserved, but Thinks It Is Important no Man Should Claim to Have Done What He Has Not Done.**

By Associated Press.

TEORIA, Ill., Sept. 19.—Charles E. Hughes, opening his second presidential campaign trip in an address here today, characterized the Democratic party as "a party of broken promises which now presents extravagant claims."

The nominee took up point after point touched on in President Wilson's speech of acceptance and declared that "the claims made therein were extravagant, and that nothing of the sort had been accomplished."

"I believe," Mr. Hughes said, "that credit should be given where credit is due but I think it is important that no man should claim to have done what he has not done."

INDIANAPOLIS, Sept. 19.—When Charles E. Hughes, Republican Presidential candidate, speaks here Saturday night, Charles W. Fairbanks, candidate for vice president, will preside and act as chairman.

This will be one of the few times, if not the only occasion in the campaign, that the Republican presidential and vice presidential candidates will speak from the same platform at the same meeting.

NEW YORK, Sept. 19.—A probable change in the plans of President Wilson was indicated today by Vance McCormick, national Democratic chairman, who said he would visit Long Branch, N. J., to discuss with the President a suggested speaking tour in Illinois, Indiana, Ohio, Missouri and this city, and possibly upstate in New York.

PLAGUE GAINS AGAIN**Supposed to be on Wane, Infantile Paralysis Epidemic Still Spreads.**

By Associated Press.

NEW YORK, Sept. 19.—Thirty-five new cases of infantile paralysis, an increase of 20 over yesterday's report, was shown in the department of health bulletin issued for the 24 hours ending at 10 A. M. today. There were 10 deaths, an increase of four.

BOSTON, Sept. 19.—The greatest spread of infantile paralysis since the disease became epidemic in this state was reported to the department of health today. Thirty-nine new cases developed in the last 24 hours as compared with 40 in the previous 48 hours. Since the first of the month 300 cases have been reported.

MARY IN CUMBERLAND

Miss Edith Rebecca Wilson of Yukon, and Victor John Olson of Scotland, were married in Cumberland yesterday.

Weather Forecast

Fair and warmer tonight and Wednesday. In the noon weather forecast for Western Pennsylvania.

Temperature Record

	1916	1915
Maximum	64	84
Minimum	37	66
Mean	50	75

The Yough river dropped from 1.60 to 1.35 foot during the night.

**NEW LOW MARK FOR
MID-SEPTEMBER IS
MADE; MERCURY 37****White Frost Covers Region Along With Temperature Drop.****SOME DAMAGE IS THE RESULT****Late Vegetables Are Withed as Result of the Cold Snap; Winter Clothing Is Suggested, Along With an Interest in the Coal Man's Prices.**

Last night established a new record for low temperature in mid-September. The mercury went down to 37 and the records at the West Penn office do not show any lower mark in the last five years.

Low marks for September from 1912 are given below:

Year	Date	Degree
1912	Sept. 15	48
1913	Sept. 23	38
1914	Sept. 23	37
1915	Sept. 29	39
1916	Sept. 19	37

A comparison of the figures shows that the mercury was down to 37 degrees in September, 1914, but that this mark was not reached until the 29th, when colder weather is more likely. The other low marks came near the end of the month, except in 1913, when 35 was registered on the 23rd.

Last year at this time comparatively mild weather was being enjoyed. The minimum temperature for September 19 being 66, two degrees higher than the maximum this year. The maximum was 84, making the mean temperature 75 and indicating an unusually mild day.

"Fair and warmer" tonight and Wednesday is the cheerful noon forecast.

Heavy frosts were reported the last three nights and much damage was done to late crops.

Overcoats and even winter underwear are now worn with impunity. Furnaces have been lighted in office buildings and some residences. Straw hats have disappeared as if by magic, thus demonstrating that men's fashions are dictated by nothing but the weather conditions.

FOUR MAY ESCAPE**Cases Not Strong Against Some of Alleged Blackmailers.**

By Associated Press.

CHICAGO, Sept. 19.—Four members of the alleged \$1,000,000 band of blackmailers may escape prosecution, federal officials admitted today.

Mrs. Regina Klipper, a divorcee of Philadelphia, the government's chief witness, arrived under guard of federal agents to appear against the alleged blackmailers at the hearing this afternoon. Clinton G. Clabough of the United States department of justice said he was confident Mrs. Klipper would identify Edward Donahue, Henry Russell and Mrs. Helen Evers as directors of the organization.

"The case against the others under arrest," Clabough said, "is doubtful. I am satisfied, however, with our case against the first three."

DENVER, Sept. 19.—Renewed efforts were being made today by Samuel W. Johnson, district attorney of Jefferson county, to solve the murder of William Turner on June 26 at a summer camp near Glis, Colorado, following disclosures of the workings of the so-called blackmail syndicate in Chicago.

According to information in the hands of the district attorney, a man known as E. Wilson shot Turner and fled. A trunk belonging to Mrs. Wilson, alias Mrs. Brown, was seized and is said to have contained secret cipher codes and other information which caused the authorities to begin an investigation of alleged race track gambling.

RACES CLOSING UP**Boston Again Takes the Lead in the American League.**

By Associated Press.

CHICAGO, Sept. 19.—Boston is in the lead again in the American League race, though Detroit is only a small fraction behind, the percentages being Boston, 579 and Detroit, 576. The Chicago Americans, should they defeat Philadelphia, will be unable to regain first or second place today, as Boston and Detroit meet and each is a game and a half ahead of the Chicago club. Boston still has 24 games to play and Detroit and Chicago 10 and 11 respectively.

In the National League, Brooklyn is ahead of Philadelphia by a single game, while Boston is 2½ games behind the leaders. Brooklyn and Philadelphia have 17 games each to play and Boston has 20.

REURNS TO WORK.

Ira Jaynes of Greenwood, a West Penn motorman, returned to work this morning after being confined to his home since last Thursday with burns suffered when the controller exploded in Uniontown. He was burned about the face and neck and eyes.

Injured Man Home.

Isaac Cropp, who was injured Friday afternoon in an accident at Beech Bottom, W. Va., has arrived home. Mr. Cropp, who was working with the carpenter foreman, who was killed, escaped with a slight scalp wound.

**FAYETTE FIELD
FENCE OPPOSED****Second Ward Residents Petition Council to Prohibit Its Erection.**

A petition containing three pages of names was presented to council last night as a protest against the erection of a fence around Fayette Field, which school board has already contracted for. The residents set forth that the fence would be a nuisance in more ways than one. Council, however, refused to have anything to do with the petition.

"It is out of our jurisdiction entirely," said Mr. Duggan. "We cannot prohibit anybody from building a fence around his property. It's up to school board and your protest should be made to them."

Robert Swallow, who presented the petition, said that boys made the enclosure a hiding place from which they could throw stones and commit other depredations. He declared that more false alarms had been sent in from the box in that section when Fayette Field was enclosed than from any other box. The boys, he said, would tear off a board from the fence, turn in an alarm and disappear inside the enclosure. He asked the councilmen how they would like to have a high board fence in front of their doors.

Mr. Duggan suggested that proper policing at night would prevent the occurrences of which complaints had been made. Mr. Swallow did not think so. He said Mayor Marietta could tell what things the boys down there would do.

EXCAVATION COMPLETED**High School Contractors are Preparing for Concrete Foundation.**

The excavation for the new high school foundation is about completed and Lawrence & Critchfield, the contractors, have a force of 21 men at work today preparing for the preliminary concreting work. Work on the stone foundation will begin Thursday.

Contractor B. O'Connor finished up with his steam shovel some time ago and the last few days have been devoted to smoothing out the big ditch for the concrete forms.

Architect W. G. Deoles will come on from New Castle tonight or tomorrow to inspect the trenches and go over the heating plans with the council. A special meeting may be called for tonight to discuss the heating plans. When these are approved, bids will be asked.

CITY TO LAY WALKS**Will Charge Cost and 20 Per Cent Penalty to Property Owners.**

To bring property owners who have failed to comply with notices to lay concrete sidewalks to time, council last night decreed that the city lay walks of two properties, charging the cost and 20 per cent penalty to the owners.

Resolutions were adopted authorizing the construction of concrete walks in front of a property reported to be owned by J. M. Reid on the east side of Cottage avenue and another in front of a property on East Fayette street, reported to be owned by James Rapoport. Licens are to be filed to insure payment of the bills.

Mr. Duggan said similar action would be taken against some property owners on Cedar avenue and in other sections of the city who have shown no disposition to co-operate with the city in its crusade for better walks.

MORE PUPILS EXPECTED**School Authorities Anticipate Great Increase in Enrollment.**

A big increase in the number of out of town pupils attending the Connellsville high school is expected this year, judging from the enrollment so far. Last year there were about 50 tuition pupils from other districts. There are almost that many enrolled now.

The enrollment shows the usual large number of pupils from Biltz, Connellsville and Dunbar (townships). Dunbar borough and Dawson also contribute quite a number. Smithton and other down-river places will have larger delegations than last year.

Again Enter Hospital

George Wishart of East Connellsville was admitted to the Columbia Hospital, Pittsburgh, this morning for treatment and to undergo an operation if necessary. Mr. Wishart has been ill for some time past. This makes his third trip to the hospital. He was accompanied by his wife and a brother, John Wishart.

Leaves the Hospital.

Eugene Wagner of East Green street who underwent an operation at the South Side Private Hospital, returned to his home yesterday.

Licensed to Wed.

William B. Crose of Connellsville and Lydia Hostetter of Friendsville, Md., were granted a marriage license in Greensburg yesterday.

S. W. Dunn is Ill.

S. W. Dunn is ill of typhoid fever at his home at Snick.

**NOT A DEMOCRAT
REGISTERS IN THE
SEVENTH TO NOON****West Side Ward Going After Record Again for Second Day.****QUIET AT ALL THE POLLS****Little Interest is Manifested in the Registration. But It is Expected There Will be a Good Turnout of Voters Tonight; Only One More Day.****ONLY ONE MORE DAY.**

Voters who fail to register today will have only one more opportunity to qualify for the November presidential election. Saturday, October 7, is the last day on which the registrars will sit. Every man who has not qualified should do so today and take no chances on being unable to do so on the last day. The polls will be open from 2 to 6 this afternoon and 7 to 10 tonight. Every voter must register in person in order to vote.

Today is the second registration day. Up to noon, the turnout had been rather small, and a few of the polling places were practically deserted except for the two registrars. It is expected, however, that the registration will grow heavy toward the end of the day.

The seventh ward came to the front again with a stronghold of Republicanism and up to a late hour this morning not a single Democrat had registered. In the eighth ward, just 3 men had appeared at the polling place this morning. One was a Democrat, one a Republican, the third non-partisan.

In the fourth ward, where the tendency is toward no statement of preference, 10 Republicans had registered, as against a single Democrat at 11 o'clock. The first and fifth wards reported a very light registration.

Police workers are not much in evidence today. They seem to be saving their energies for a big effort on Saturday, October 7, the last registration day. On that day, it is estimated, they will take the agitators and the sick to the polling places in automobiles and will work hard to get every voter's name on the books.

There is little excitement or political enthusiasm about the polls today. People are discussing the weather and most everything else except politics. Several voters are registering as non-partisan today. The majority, however, seem to have already decided that little point, and are registering as straight party men.

BEATS STORK HOME**Private "Buck" Smith Is Soon Welcomed by a New Son.**

The second Connellsville guardsman to arrive home from the border is Charles H. "Buck" Smith, cook for the Tenth Regiment hospital corps. Mr. Smith arrived home on 9 Sunday morning, having been mustered out of the federal service at Fort du Pont, Delaware, on Friday.

Mr. Smith arrived home most opportunely, for last night at 8.30 the stork left a little soldier at his home on Johnston avenue.

Prior to leaving for the border, Mr. Smith was a machinist at Boyts, Porter & Company shops. When he returned he found his job open for him and he started work immediately. Captain J. C. Herwick, former captain of Company D, who resigned while down on the border, returned to his home here several weeks ago. He has also resumed work at the Boyts, Porter & Company shops.

WOMAN IS ILL.**Mrs. William Baldwin Is Suffering From Blood Poisoning.**

Mrs. William Baldwin, one of the best known residents of Broad Ford and vicinity is critically ill of blood poisoning of the right leg caused from stepping on a piece of wire screen about seven weeks ago. She is unconscious and little hope is entertained for her recovery.

Her daughter, Mrs. Isaac Feather, and son arrived here yesterday morning from Akron, O.

NINE ON CHAIN GANG.**Four Put to Work Without a Hearing Before Mayor**

SOCIAL and PERSONAL

Watson Luce was tendered a surprise party Saturday evening at his home at Snook in honor of his 41st birthday. The affair was given by Mrs. Luce and was well attended. A delicious luncheon was served by Mrs. Luce.

Mr. and Mrs. R. C. Boerhaver and children attended a surprise party tendered Mrs. Dorothy Saturday at the old home in Greensburg. Children, grandchildren and great grandchildren participated in the celebration.

The marriage of Mr. and Mrs. George A. Clear of Oakmont and Van Lick Leazer, son of Mr. and Mrs. Samuel Leazer of Pittsburgh, took place yesterday afternoon at the home of the bride. Rev. O. C. D. of the First Methodist Episcopal Church of Oakmont officiated. After a wedding trip Mr. and Mrs. Leazer will be at home at Vanderhill after October 15.

Mr. and Mrs. L. R. Laymon of near Conneltsville have announced the engagement of their daughter, Miss Hazel Laymon to John J. Kieley of Conneltsville. The wedding will take place in the near future.

At the regular meeting of the Philip Freeman Chapter Daughters of the American Revolution held Saturday afternoon at the Armory it was decided to send Miss Clara Pritchard, resident, as a delegate to the annual state convention of the Daughters of American Revolution to be held October 18, 19, 20 at the Hollenbeck-Stratford Hotel in Philadelphia. Mrs. C. E. Wilson of Dunbar, corresponding secretary, and Miss Margaret Freeman of Jones Mill, will go as representatives of the chapter.

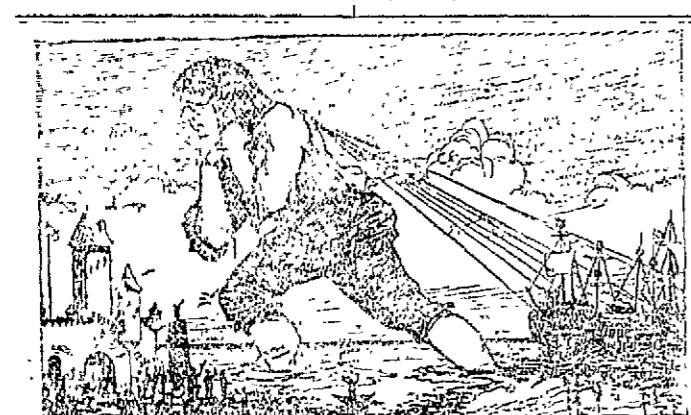

The Martha Section Bible Class and the Ladies' Circle of the Christian Church will hold a joint meeting Thursday afternoon at 2:30 o'clock in the church parlor.

The Elks Club held its regular monthly meeting last evening in the club rooms. The majority of the members being present. The club is making extensive plans for a very social season this winter. John S. Downs of Dunbar was elected a new member. At the close of the business meeting a buffet luncheon was served, followed by a smoker after which the members enjoyed the remainder of the evening at pocket billiards and cards.

A meeting of the Woman's Assistance Board of Fayette County will be held tomorrow in Uniontown. Mrs. J. F. Kerr, president of the board, and Mrs. W. P. Clark, a member will attend.

Covers for fifteen were laid at an elaborate supper given last evening at the Jordan Hotel at Pleasant City by office employees of the West Penn Railway Company, and West Penn Power Company in honor of Miss Velia Decker a bride-elect of

next month. Following the supper party given last evening by Mr. E. A. Meyer of Greensburg, the committee at Snook in honor of his 41st birthday. The affair was given by Mrs. Luce and was well attended. A delicious luncheon was served by Mrs. Luce.

Modern Gullivers

Some men stand out from the crowd as Gulliver towered over the Lilliputians. By superior energy, activity and reserve strength they predominate.

Feeling right within, is one of the fundamentals of physical and mental strength, and is largely the result of proper nourishment.

Grape-Nuts

with Cream

is the logical food for thinkers and doers. It contains all the nutritious elements of whole wheat and malted barley, is partially predigested, and supplies an abundance of energizing nourishment without overworking the stomach. It also includes the vital mineral salts of the grain which are lacking in white bread and many other cereal foods.

There's able help for many in Grape-Nuts.

"There's a Reason"

noon for a visit with her son and daughter-in-law. Mr. and Mrs. D. S. Connell of East Main street. Mrs. W. E. Rice spent the day in Pittsburgh.

Mrs. R. S. Brinkner and Mrs. William Porter are home from Conneltsville, where they were the guests of Mrs. Joseph Dixon.

No tailor within a hundred miles has ever given better woollens or workmanship than we put into our garments. Dave Cohen, Tailor.—Adv.

Mr. and Mrs. J. J. Robson of Greensburg, returned home last evening from Garfield, Pa., where they were called by the death of the former's brother, George Robson.

Miss Laura Glos has returned to her home after a month's visit at Ohioville and Conneltsville.

Rudolph Goldstone of Crawford avenue, is recovering from a two weeks illness.

Paramount Theatre today, Pauline Frederick and Billie Burke. Tomorrow, "Hell-to-Pay Again," also Key-stone comedy.—Adv.

Miss Emma Jo Stillwagon is a new clerk in the suit department of the J. Dunn store.

Miss Ella Hedley of Queen street has returned home from a two weeks visit with friends in Chicago.

The Goodwin Company, cleaners, pressers and repairers, fully equipped, experienced employees. Prompt and reliable.—Adv.

Mrs. Mary Fox returned home last night from Zanesville, O., and Conneltsville, Pa., where she was the guest of relatives.

Miss A. K. McIntyre of McKeesport, who has been the guest of Mr. and Mrs. H. P. Snyder, accompanied by her grandson, H. P. Snyder, Jr., returned home this morning.

Winter is close, let the Goodwin Company clean, press and repair that overcoat.—Adv.

A. S. Grobst returned to Pittsburgh this morning after a visit at the home of his mother-in-law, Mr. Charlie Zimmerman.

Misses Mary and Marie Plannigan went to Pittsburgh this morning.

Rev. J. H. Reed Resigns Charge Because of His Advancing Years.

Rev. John Bruce Reed, who Sunday tendered his resignation as pastor of the Laurel Hill Presbyterian Church after filling the pulpit for 28 years, is pastor of the oldest Presbyterian Church west of the Alleghenies. Now in his 78th year, Laurel Hill Church has outgrown three edifices and while maintaining its strength throughout this time, has maintained three churches, which are now in a flourishing condition.

Rev. Reed assumed his charge at Presbytery, coming from Fairmont. During this incumbency the parsonage has been rebuilt and many innovations have been made.

His resignation was tendered on account of his advancing years, which is a common cause for him to care for the church work. He visits the Memorial Chapel at Phillips and the Bethel Chapel near Youngstown. He will re-leave the next month. Rev. Reed is 78 years old. He is a father-in-law of Dr. H. J. Dell of Dawson.

Company Refuses to Prosecute Lad for Robbery.

Joe Lecker, the boy who robbed the Westmoreland Grocery Company of soap, chewing gum, candy and tobacco recently, was given a hearing before Alderman Colburn early this morning. The charge was dropped when the boy produced money and paid the costs.

Constable Wilson, who arrested the boy, and city officers, advocated a full sentence for Lecker, but the prosecutors refused to press the charge and the boy was released.

The second boy in the case has not yet been arrested, but those working on the case say they will get him shortly.

Big Dam Collapses

Tremendous Damage and Loss of Life Reported From Bohemia.

LONDON, Sept. 19.—Many lives have been lost and enormous damage has been caused near Gabor, Bohemia, by the bursting of a dam in the valley of Weisswasser, according to a dispatch to Reuters from Amsterdam quoting a telegram received there from Gabor.

The onrushing water carried away numerous glass polishing factories and it is feared there were many victims. The bridges were not destroyed, but are in danger of collapse. The damages are very great.

Gets License; Not Wife.

Young Man Arranges for Wedding Without Consulting Girl.

Edward Gaster of Conneltsville requests The Courier to state that the published report of the marriage of his daughter, Miss Phyllis Gaster, to Roy Neff of Cumberland was erroneous.

Mrs. Gaster went to Cumberland and learned, he says, that the youth in question secured a marriage license without consulting Miss Gaster and then left that city. The publication of the license in the newspapers gave rise to the rumor that the couple were married.

Council to Meet.

Glenn Cadwallader Succeeds Ringer as Secretary in S. Conneltsville.

The South Conneltsville council will meet on Thursday night, at which time a successor to Councilman Chris Kiebusch will be elected.

Glenn Cadwallader has been elected secretary to succeed W. S. Ringer, resigned. He has already assumed his duties.

Pay Notice.

5% will be added to all school taxes for the year 1916 which are not paid before October 1st, 1916. Pay at once and avoid the penalty.—Adv.

LITTLE RED SPOTS ALL OVER FACE

And Chast, Got Very Big. Would Itch Something Terrible. So Bad at Times Couldn't Sleep.

HEALED BY CUTICURA SOAP AND OINTMENT

"I first noticed little red spots appear on my chin and forehead, and they got very big and red, and a few days later they spread all over my face and chest. The spots on my face were fastened and came to a head, but the ones on my chest would not hard and would be full of water. The pimples on my chest were the worst and they would itch something terrible. They were so bad at times that I couldn't sleep."

"After using about three cakes of Cuticura Soap and two one-half boxes of Cuticura Ointment I was healed." (Signed) Charles Christopher, 441 E. Washington St., Rochester, Pa., July 6, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

CRAWFORD AVENUE IS NAME PROPOSED FOR MAIN STREET

Continued on Page Two

The issuance of short term bonds to cover the cost of this work and that of paving Race street were passed. The superintendent of accounts was directed to get bids on the printing of the bonds.

An ordinance authorizing the paving of First street, West Side, from Sixth street to Third street was introduced and will be voted on October 23. It will be advertised for 30 days before final passage. The ordinance stipulates that the full cost is to be collected from the property owners. This is not ordinarily set forth in the ordinances but the solicitor said he had inserted it for the benefit of a certain resident of the street who might want to know.

Director of Public Safety M. D. Pryce reported a fire loss of \$150 in July, with seven alarms and four fires. In August there were three alarms and no loss. Mr. Pryce stated that some store owners are not yet alive to the importance of keeping their premises clean and tidy as a fire prevention measure. An inspection of residences is soon to be undertaken by the firemen for the purpose of eliminating as far as possible faulty gas fixtures and accumulations of inflammable matter.

A. M. Haines of the Haines-Kurtz Company asked council to pay off the cost of a sewer built on Davidson avenue three years ago. He said the company had agreed to carry this without interest for three years, when it was built in 1913. The term of this agreement had expired, he said.

Council gave its unanimous approval to the proposed Mine Rescue Station, to be established here by coal and coke operators of this district and located at the fire department headquarters. The station will be established free of all cost. Mr. Pryce stated, and teams will be instructed in rescue work under the direction of the federal government. Those who pass examinations will be eligible for good positions with the Bureau of Mines.

Specification blanks for the engineer were directed to be printed.

ENTERTAINS FOR GUEST

Miss Lilburn Reed is Hostess to Friends at Vanderhill.

Miss Lilburn Reed entertained Saturday night at her home at Vanderhill in honor of Miss Elizabeth Mackey of Pittsburgh, who was a guest at the Reed home for several days. The evening was delightfully spent at various amusements and at 11 o'clock dainty refreshments were served. The guests were Miss Mary Nevada McLaughlin, Miss Caroline Mackey, Miss Belle Mackey, Miss Georgia McBurney, Misses Marie and Flora Muirhead, Mrs. Charles Shallenberger, Earl Roberts, Joseph Shallenberger and Paul Teichert, all of Vanderhill; Miss Anna Coswell of Adelaide; Miss Gladys Stillwagon of Dayton; Miss Mary Frances Shorpeck of Uniontown, and A. P. Trousdale of Glasgow. Miss Mackey returned home Sunday night.

FAMILY REUNION

Seighman Clan Gathers at the Faust Home, Near Mount Pleasant.

A reunion of the Seighman family was held at the home of Mr. and Mrs. Frank Faust near Mount Pleasant. The day was joyously spent and at 12:30 o'clock an elaborate dinner was served.

Among the guests were: Mr. and Mrs. Charles Seighman and children, Eli, John, Charles, Millard, Katherine and Evelyn; Mr. and Mrs. John Seighman and children, William, Irene, Opal and John, Jr.; Mr. and Mrs. Henry Seighman and children, Sara, Eliza and William Henry, Mrs. Irvin Layman and daughter, Hazel; Eli Seighman, Charles Nealey, Mr. and Mrs. Frank Faust and daughter, Selma.

HERE IN MINE.

Dunbar Youth Injured When a Cap Explodes.

Earl Humbert of Dunbar, 19 years old, while digging coal in the mine of the United Fire Brick Company at Dunbar this morning, was painfully burned about the face and arms, when a dynamite cap exploded. He was brought to Conneltsville and removed to the Cottage State Hospital.

Albert O'Donnell of the West Side, who has been a patient at the hospital last yesterday.

AN EXHIBITION OF Autumn Modes

Featuring the newest creations and most distinctive styles in Millinery.

Wednesday, Sept. 20.

The Grim Reaper.

WILLIAM WILSON.

William Wilson died recently at his home at Kewanee, Ill. Mr. Wilson died about 10 years ago. Mr. Wilson was well known in Fayette County. He is survived by one son, Edward, and two daughters, Misses Belle and Myrtle Wilson. Mrs. Lucy Greenwood of Dunbar, Mrs. Belle Hinkle of Fairchance, and Mrs. Janet Abraham of Smithfield are sisters-in-law of Mrs. Wilson.

BILLIE KING.

Billie King, infant son of Mr. and Mrs. Jasper King of Smithfield, died yesterday morning. Interment yesterday afternoon in the Baptist cemetery at Smithfield.

Goes to Pittsburgh.

T. C. Holloway, formerly of Conneltsville, and for the past several years manager of the shoe department of a Fairmont store, has gone to Pittsburgh to take charge of the shoe department of a large firm there.

Catches Big Bass.

Mrs. R. K. Long and family have returned from Guard, Md., where they camped for several months. They report that a man named Gill caught an 18 inch bass in the river at that point.

THESE TWO BROTHERS

are Lawrence and Earl Dougherty, children of Mrs. John Dougherty, R. D. No. 15, Greer, N. Y., who has given Father a Medicine to the boys and have taken it myself with excellent results. It certainly builds one up and gives you strength." (Signed) Mrs. John Dougherty, R. D. No. 15, Greer, N. Y.

Funeral of Infant.

The funeral of the infant son of Lawrence and Agnes Slosson Corley, who died Saturday at the family residence at South Conneltsville, took place yesterday. Interment in St. Joseph's cemetery.

NEWS OF THE DAY AS GATHERED UP AT MT. PLEASANT

**A Delightful Marshmallow
Tost Held at Subur-
ban Home.**

HAVE GOOD TIME DESPITE CHILL

County Executive Committee of the
W. T. C. F. Holds a Session at the
Home of Mrs. J. L. Undergraph and
Makes Appointments; News Notes.

Special to The Courier

MOUNT PLEASANT, Sept. 19.—A
marshmallow toast was held at the
home of Mrs. J. L. Undergraph near
Mount Pleasant. Despite the cold
evening, the guests enjoyed themselves
very much with a large fire around
which they toasted the marshmallows.
Games were played and refreshments
were served. Among those present
were Misses Martha and Helen Snyder,
Viola Trent, Caroline Beck, Katherine
Lutz and Olive Simpson, and Russell
Miller, Morris Beck, Harold Skelly,
William Jones, Edgar Stutz of Young-
wood; Winifred Hunkar, Thomas Mar-
shall, Edward Poole, Thomas and
Lloyd Rutter, George Faust, and Earl
Beeson of Hunkar; Gladys Queen,
Bridgetta Cowan, Ray Houser, Alva
Kestler, Ray Nall and Jack Taylor,
Ruffsdale; Donald Timman, Richard
Benson, Budd Reynolds and Max Al-
son of West Newton; Edward Carlson,
William Hoffman, Ella and Maude
Harr of Greensburg; Thomas Don-
ahue, Ralph Gay and John Decker of
Laporte; Estelle Solomon, Nora and
Margaret Hudson, Myrtle, Fern and
Larlene and Hattie Rose, Violet Smith,
Hazel and Maude Myers, Ruth Hunter,
Mary and Nellie Grimm, Opal Albright,
Jenna Bailey, Mary and Tillie Myers,
Peg Simpson, Fred Myers, John and
William Rose, John Simpson, Norman
Johnston, Roy Smith, George, Joseph
and Russell Wagner, Edgar, Albert
and George Hunter, Carl Grimm,
William Stillman, John Myers, John
Myer, Herman Overly, Ralph Krom-
mer, James Kenner, Hilda and Susan
Fitzpatrick, Irene Campbell, Olive
McCreary, Parthenia Ritter, Mary Har-
com, Gladys Meyers, Blanche Upde-
graph, Ruth Myers, Anna Matthias,
Ruby and Martha Albright, Gene
Keller, Ralph Miller, G. W. Morrison,
Ralph Fox, John Harmon, Raymond
Brooks, Albert Hitchman, Harry and
Jack Martin, James Fitzpatrick, Ben-
ford Barnhart, Scott McIndoe, John
and William Faust, Ned Brown, Lloyd
Clay and Clarence Schaeffer and
George Fandrick of Mount Pleasant.

ATTEND A MEETING.

Mrs. F. W. Andrews of Irwin; Mrs.
G. T. McNish of Altoona and Mrs.
George Stoner of this place attended
the county executive meeting at the
home of their president, Mrs. J. L.
Undergraph, and made Mr. G. W.
Stoner superintendent of institutions,
and Mrs. Bertha Rude of Seward, Pa.

superintendent of railway employees.
It was decided that Mrs. J. L. Upde-
graph represent the county at the
Wilkesboro convention and Mrs. D. H.
Star, et cetera state superintendent of
fruit and flower mission, will also
attend from here.

NOTES.

Mr. and Mrs. Edward Hertog spent
Sunday with Scottsdale friends.
Mr. and Mrs. Marion Shaw had for
their guests over Sunday, Mr. and Mrs.
J. W. Shaw of Madison. Mr. and Mrs.
Harry Feltis and son of Greensburg
were also callers at the Shaw home.

Clyde Vothers, the postmaster, has
returned from Harrisburg where he
attended the postmasters convention.
Olive Collins has gone to Kentucky,
where he will attend a military school.
Dr. M. W. Horner has gone to
Scranton to attend the state physicians
meeting.

Mrs. Charles Albright of Scottsdale,
is seriously ill at the Memorial Hos-
pital.

Mrs. James Pare has moved to Con-
nellsville.

Mr. and Mrs. John Green and son
William have come to Philadelphia to
attend the funeral of Mrs. Green's
brother, William Faust.

Warren Beckner is visiting friends
at Youngstown, O.

PRESIDENT AT FUNERAL

Mr. Wilson Barley, Only Sister at
Connellsville, S. C.

By Associated Press

COLUMBIA, S. C., Sept. 19.—Pres-
ident Wilson came here yesterday
to bury his only sister, Mrs. Anna E.
Howe of Philadelphia, who died on
Saturday. He attended simple
funeral services at the church
and then walked with relatives
to the adjoining cemetery and
stood with bowed head and tear-
stained face during the simple rites.

The people of Columbia gathered
along the streets and outside the
church to see the President. During
the ride south this morning the plat-
form of every station was crowded,
but there was no cheering. At sever-
al stops flowers were put aboard by
school children.

HOW HE GET THERE.

Story of a Workman's Rise from
the Ranks.

He was a mechanic, ambitious and
wanted his own business. He noticed
that every man who owned a busi-
ness also owned a bank account. He
opened one, himself, at the old re-
liable First National, and paid all his
bills by check. In two years time he
had a good balance and a chance to
go into a repair business for himself.
The bank mentioned advised and as-
sisted him. He is now a prosperous
business man, making five times as
much as he made as a mechanic.

Big Builder Falls to Death.

CLARKSBURG, Sept. 19.—Falling
from a new big he was building to
replace one burned two weeks ago
when two other men were burned
in death, Harry Hutter, a 41-year-old
30 years old of this city, was killed
today at an oil well on the Highland
farm at West Milford.

IMPORTANCE AND VALUE OF COAL TAR AS A BY-PRODUCT

**Four Large Industries are
Now Dependent Upon It
in Some Form.**

BASIS FOR ALL ANILINE DYES

American Chemists Able to Do Almost
Everything With It That Foreign
Chemists Can; Development of The
Industry is an Economic Question.

No other commercial product re-
sulting from making coke by the re-
lax process, has been given or has
received quite as much public notice
as the result of the European war.
As coal tar. Building up a coal tar
industry has been a fruitful theme
about which, experts say, a great
amount of misinformation has been
disseminated. There is and for many
years has been a coal products in-
dustry of large proportion in this
country. The recovery of ammonia,
benzol, cyanogen and commercial tar
in gas and coke plants has been long
established. The application of tar
preparations to roofing, road building
and similar uses has reached its best
estate in America, and the industry is
of vast proportions.

It is the source of material used
in dye making that coal tar has at-
tracted the most attention and in which
it is admittedly a material of very
great importance. In its relation to
other industries it is of almost equal
importance. Fred H. Wagner, chief
engineer of the Bartlett-Hayward
Company, in an address before the
Franklin Institute estimated that in
the four principal American indus-
tries dependent upon coal tar pro-
ducts—textiles, leather, paper, paints
and colors—there were at least 2-
000,000 employees. Invested capital
probably exceeds \$3,000,000,000, and
annual output may be worth that
much or even more. Eighty per cent
of the coal tar dyes needed in these
industries was imported from Europe
before the war, and of the 20 per cent
made here a good proportion came
from European intermediaries.

There has of course been a marked
change in American dye produc-
tion since the war began. In this
case necessity has been the mother
of enterprise. To what extent pro-
gress has been made on one knows
but the dye-making concerns, and they
won't tell, but it has been consider-
able. However, an unfeeling index
as to the possibilities in developing
coal tar dye and chemical manufac-
ture is to be found in the establish-
ment of by-product coke ovens.

Of the 71,000,000 tons of coal car-
bonized in 1912-1913, only 29 per cent
was with by-product recovery. Nearly
2,000 now by-product ovens are to be
completed by the end of 1917, accord-
ing to existing contracts. This means
a great increase in the production of
chemicals essential to coal tar dye
and chemical industry.

Some idea of what these ovens will
be able to do can be gathered from
the calculations of Engineer Wagner
in the address noted above, when he
figured that 100 tons of coal will
yield 8,400 pounds of pitch, 1,382
pounds of heavy oil, 2,202 pounds of
carbolic or middle oil, 238 pounds of
light oil (these oils being sources
of dyes), 12,000 cubic feet of sulphur-
ized hydrogen, 8,440 cubic feet of
cyanogen, 1,200,000 cubic feet of puri-
fied gas, 72 pounds of carbon disul-
phide, 70 tons of coke and 200
pounds of iron carbonyl.

Possibilities in coal tar develop-
ment have always been as completely
recognized by American (chemical
men as by any others, and American
chemists in laboratory work can do
about anything with coal tar any other
chemists can do. Coal tar develop-
ment in the United States, the best-
informed men say, is not a matter of
technique, but of economics. In part
and temporarily the war has forced
the economic issue. Coal tar prod-
ucts are being turned out in quanti-
ties hitherto unapproached in Amer-
ica.

There are 21 American concerns
making or about to make phenol.
The annual American output is said
to between 10,000 and 15,000 tons,
and more than 3,000 tons are turned
out in Philadelphia alone. American
production is more than ten times
as great as before the war, and car-
bolic acid made in America is supply-
ing a large part of the peaceful in-
dustries, as well as supplying the base
for plastic acid, which is being ship-
ped to the Allies in quantities as high
as 1,000,000 pounds a week. Much
of the American carbolic acid produc-
tion is now being devoted to the mak-
ing of salicylic acid and its derived
drugs.

Exports of coal tar products from
New York in the week ended August
14 were valued at more than \$2,468-
250, excluding perfumes and cyanides.
Explosives accounted for \$2,100,813
of this figure, but carbolic acid ran
to \$253,302, and dyes and dyestuffs,
exclusive of dyewood extracts, were
\$60,732.

Public advertisements, with official
announcements from several firms,
indicate that the most important coal
derivatives, some of which have long
been American products in varying
amounts, are being made on a com-
mercial scale in America today, many
being used in the manufacture of fur-
ther combinations. In addition the
following colors are being produced:
Sulphur black, sulphur brown, hydro-
lino gray, basic green, butter yellow,
can yellow, azo orange, methylene
blue.

Dies at Masonstown.

Miss Sarah Ann Schroyer, 70 years
old, a life long resident of Mason-
town, died Sunday at the family
residence following an illness of
heart trouble.

Read The Daily Courier.

Buy heating preparedness now!

You have long known that your
building should be radiator
heated—but without good reason
you have been putting it off and
off. Then in a night something
happens—someone in the family
becomes very ill and reliable
heating is seriously needed—or
unexpected visitors come, or you
find you have chosen a fearfully
cold night for a party, and you
are so ashamed at not being ra-
diator-prepared that you'd gladly
pay double-price if you could
instantly put in these wonderful
heat-makers and fuel-savers—

Don't begin again the eight-months' burden!

AMERICAN & IDEAL RADIATORS & BOILERS

to make this improvement. These outfits make property sell or rent quicker and at a profit.

A No. 5-22-W IDEAL Boiler and 450 ft. of
38-in. AMERICAN Radiators, costing the
owner \$235, were used to heat this out-
fit. At this price the goods can be bought
only by reputable, competent fitters. This
did not include cost of labor, put valves,
flanges, etc., which vary according to climatic
and other conditions.

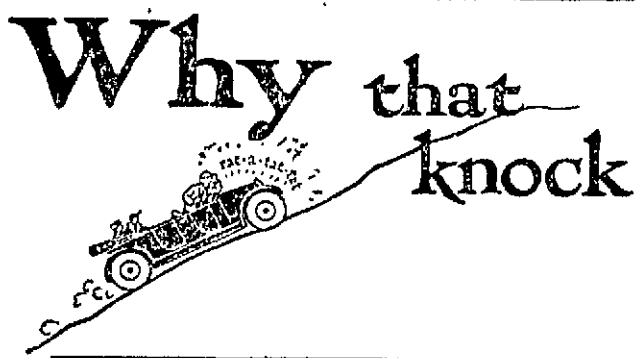

ARCO WAND Stationary Vacuum Cleaner
We also make the ARCO WAND Vacuum Cleaner, connected by an iron suction pipe to
various floors of house, flat, school, hotel, etc. No dragging around a clumsy, inefficient
portable cleaner—instead, you have a practical outfit that is part of the building—like radiator
heating. In sizes at \$115 up. Ask for catalog (free).

No exclusive agents
Sold by all dealers

**Why that
knock**

Bent cam-shaft? Maybe. Timing-
gears a little loose? Perhaps. Ten-
to-one, the power plant is chuck-full
of carbon. And it was only last
month you had the valves reground.
Good Night! There you are—the
symptoms are unmistakable: im-
proper lubrication.

Atlantic Motor Oils will
offset that condition
like magic. They will
diminish carbon to an
absolute minimum—
and the knock will take
to the tall timber in the
bargain.

Atlantic Motor Oils are
not prescribed as a pa-
naacea for car-troubles,
but they are recom-
mended by the oldest
and largest manufac-
turers of lubricating oils
in the world as the cor-
rect lubricants for all
makes of motors.

Polarine, the famous

year-round lubricant, is
exactly right for eight
out of ten cars. Under
certain conditions, your
particular motor may
require one of the other
principal motor oils—
Atlantic "Light," At-
lantic "Medium," or At-
lantic "Heavy." Your
garage man will advise
you which.

Actual tests demon-
strate that proper lubri-
cation often increases
gasoline-mileage by as
much as five miles to
the gallon. That's worth
considering.

Read up on this subject. We have published
a handsome and comprehensive book about
lubrication. It is free. Ask your garage for it.
If they cannot supply you, drop us a postal
and the book will be sent you without charge.

**ATLANTIC
MOTOR OILS**
THE ATLANTIC REFINING COMPANY

Oldest and Largest Manufacturers of Lubricating Oils in the World
PHILADELPHIA PITTSBURGH

OHIOPIE.

OHIOPIE, Sept. 19.—Mr. and Mrs.
Arthur Holmes and daughter Violet
returned to their home in Pittsburg
last evening after a short visit with
friends here.

Mr. and Mrs. George Hershberger,
son, Glen, and daughter, Mildred, who
have been visiting in Brownsville for
the past week, returned to their home
here last evening.

Abraham Skinner was a Connells-
ville caller yesterday.

Mrs. Zacharias Moon and son, Ira,
of Connellsville spent Monday call-
ing on friends here.

Charles Menosdale returned to Con-
nellsville last evening after a few
days spent here.

Mrs. E. C. Holt and daughter Jean,
spent Monday shopping and calling
on Connellsville friends.

Mrs. Richard Rice returned to her
home here last evening after a short
visit spent with Connellsville friends.

Opal Shaw left Sunday evening for
his home in Philadelphia after the
past week spent here.

Mrs. Donald Woodmancy of Pitts-
burg spent Monday calling on friends
here.

Mr. and Mrs. William Bailey, Mr.
and Mrs. Frank Lampe and daughter,
and Mrs. Margaret Ritchey and son of
near Pittsburg spent Sunday calling
on old acquaintances in Ohio.

E. S. Jackson returned to Ohio after
a business trip in Connellsville.

Edward Scarlett of Wang Corner
was in town yesterday in his new
Ford.

**It's Wonderful How
Resinol Stops Itching**

To those who have endured for years
the itching torments of eczema or other
such skin eruptions, the relief that the
first use of Resinol
Ointment and Resinol
Soap usually gives is
surprising. For all
the suffering they have
endured and all the ge-
nuine treatments they
have spent good money
for, they cannot believe
anything so simple, mild and inexpen-
sive can stop the itching and burning
INSTANTLY! And they find it still
more wonderful that the improvement
is permanent and that Resinol really
drives away the eruption completely in
a very short time. Perhaps there is a
pleasant surprise like this in store for
you. Resinol Ointment and Resinol
Soap are sold by all druggists.

A Good Soap For Baby Skin
A good baby soap should contain
soothing, healing properties to pre-
vent the rash and chafing to which
babies are liable. That is why so many
physicians recommend Resinol Soap.

ANOTHER NEW ORE RECORD

August Movement Was in Excess of
the High Record in Month of
July; Year's Total Will Be Big.

The monthly record of Lake Su-
perior ore shipments on the Great
Lakes again was broken by the Au-
gust movement of 9,350,140 tons,
which was 99,983 tons in excess of the
high mark set in July, when 9,250,157
tons were shipped, says The Daily
Iron Trade. Total shipments for the
season up to September 1 aggregated
39,215,864 tons, an increase of 12,409-
441 tons over the movement to Sep-
tember 1, 1915.

It is estimated that total shipments
for the season of 1916 will reach easily
the 60,000,000-ton mark. The move-
ment from September 1 to the close of
the season in 1915 aggregated 10,523-
381 tons, and in order to bring the
1916 total up to 60,000,000 tons, it will
be necessary for the fleet to carry
from September 1 to the close of the
present season, approximately 20,800-
000 tons.

Considering the proportional monthly
gains made so far in 1916 over
1915, it is believed this can easily be
accomplished. Some shippers are es-
timating that the movement will be
between 61,000,000 and 62,000,000 tons.

The shipments from the several
ports to September have been as fol-
lows: Duluth, 12,713,513 tons; Two
Harbors, 6,706,555; Superior, 7,815-
795; Ashland, 4,796,384; Marquette,
2,469,705; Escanaba, 4,708,477 tons.
The total to date is 39,215,864 tons as
compared with 26,806,420 tons for the
first eight months of 1915, a gain of
12,409,444 tons.

RUN ON PRIVATE BANK

Chicago Depositors Nab Schiff &
Sons, Demanding Money.
By Associated Press.

CHICAGO, Sept. 19.—Police were
called yesterday to handle a
crowd of depositors which con-
tinued the run on the State
bank of Schiff and company, de-
spite the assurance of its officials
that the institution is solvent.

The run started yesterday because
of alarm spread of the collapse of
three private banks last week. Of-
ficials of the Schiff bank said that
\$50,000 was paid out yesterday and
that the demand of every depositor
would be met. The bank has re-
sponses of one million according to
an audit Saturday.

The private bank of M. Ginzburg
& Sons, which closed Saturday, did
not open its doors today. Depositors
clamored for their savings.

COMMISSIONER WISSER AIDED, SAYS DAUGHTER

**Dravosburg Official Relieved
of Distressing Catarrh-
hal Affection.**

Mrs. Wm. Kerfoot recently made
the following statement regarding the
benefits her father, Henry Wisser,
street commissioner of Dravosburg,
Pa., received from Tanlac, the master
medicine.

"Yes," said Mrs. Kerfoot, "I came
to give this statement about my fa-
ther's experience with Tanlac. He was
troubled terribly with catarrh of the
head and stomach and he doctored for
it for years. He always complained
in the morning of a fullness of his
head and said he didn't feel like he
had enough energy to commence his
day's work. He seldom ever ate
breakfast, as he suffered from a sick-
ening sensation which he attributed
to the accumulations of catarrhal
mucus in his throat.

"He also complained of headaches,
and coughed continually throughout
some of the forenoons. His sleep
became impaired and he had been
forced to get out of bed in order to
breathe comfortably. These choking
sensations troubled him some during
the day time, too.

"I read about Tanlac, and I just de-
termined he should try it at my ex-
pense. I bought the medicine and
asked him to take it. At first, he was
a bit skeptical as he had failed to ob-
tain relief through other medicines he
had taken. I persuaded him to try
Tanlac though, and he is now very
glad that he took my advice.

"The accumulations in his throat
have disappeared, his appetite for
breakfast has improved, and he is
generally so much better. He said the
other day that he is feeling like a new
man, and I am so glad that the medi-
cine has helped him. I believe that in
a very short time, if he continues to
take Tanlac his catarrh will be per-
manently cured. I gladly recommend
this wonderful remedy on his behalf."

Tanlac, the Master Medicine that
helped Commissioner Wisser and
thousands of others, is sold here by
The Connellsville Drug Co., where it
can now be had.

Tanlac can also be secured in Dun-
bar at D. C. Eason's Drug Store—

The submarine which appeared off
New London late Sunday, which
was believed to have been the Ger-
man undersea merchantman, Bremen,
was an American craft of the L type
returning from maneuvers, it de-
veloped today with the return to port
of the ocean-going tug T. A. Scott, Jr.

The tug set out Sunday carrying
persons supposed to be representa-
tives of the Eastern Forwarding Com-
pany, to which the cargo of the sub-
marine Deutschland was consigned at
Baltimore. The Scott reported that
nothing was seen or heard of the Bre-
men. The American submarine sighted
was returning to her base.

MISSION OPENS AT CATHOLIC CHURCH IN THE MILL TOWN

Special Services Being Held
for Father Lambing's
Congregation.

SURPRISE PARTY FOR HUSBAND

Mrs. Charles Forrest Entertains De-
lightfully. Quite a Number of
Guests Being Present: Frick Man
Showing First Aid Films in Region.

Special to The Courier.

SCOTTDALE, September 19.—Mrs. Charles Forrest gave a very pleasant surprise party for her husband, Charles, at their Market street home on Saturday evening. A nice lunch was served and a very enjoyable evening was spent by the following persons who were present: Miss Lydia Collins and Mr. and Mrs. George Deak of Uniontown; Mrs. D. G. Crosby of Youngwood; Mrs. Milton Crosby and family, George Hendricks, Eli Crosby, Mr. and Mrs. Eli Crosby and family, Mr. and Mrs. Wesley Rowe, Mr. William Hawk, Mr. and Mrs. George Schell and family, Mr. and Mrs. George Crosby and family of Iron Bridge, and the Crosby, Miss Ella Crosby, Mr. and Mrs. Homer Loefer and family, Mr. and Mrs. Lewis Steiner and family of Scottsdale.

A large crowd attended the mission that opened at the St. John the Baptist church on Sunday evening. The mission is being conducted by the Redemptorist Fathers of Pittsburgh. This week the services are being held for women only and next week will be for men. Services are being held at 8:30 A. M., 8 A. M. and at 7:15 in the evening.

SHOWS FIRST AID FILMS.
Frank Keller is one of the roke-
reel showing the first aid films for
the benefit of the miners. These pic-
tures are being shown at every colli-
ery.

NOTES
Stella Martinovich and Martin
Sierkowski were married yesterday
morning at the Polish church here. A
wedding dinner was served at the
bride's home.

Mr. and Mrs. Charles Loucks have
returned home from their wedding
trip, having taken in all points of
interest between here and the coast
and had an extended visit at Hono-
lulu.

Miss Pauline Miller spent Saturday
in Uniontown.

ASTHMA SUFFERERS.
Write today. I will tell you, free of
charge, of a simple home treatment
for asthma which cured me after years
of suffering and change of climate failed.
I am so grateful for my present good
condition after years of suffering, that I
want you to know of this wonder-
ful remedy. Write to me today. My ad-
dress is, Mrs. Nellie Evans,
625 E. 12th, Des Moines, Iowa.—Adv.

WHAT NERVOUS PEOPLE NEED

Wonderfully Speedy New Found Re-
lief for Tired, Worn Out, Shattered,
Unstrung Nervous Systems.

It is simply marvelous, the speedy
relief that a single Margo Tablet will
give any man or woman whose nerves
are upset, unstrung or dulled, tired
and unambitious. Every tablet seems
to go straight to the nerve cells, over-
coming in just a few moments fatigue,
despondency, "jumps," "fidgets," nerv-
ous indigestion and all those other
symptoms of run-down nerve force
that are so surely the forerunners of
nervous prostration and general nerv-
ous breakdown.

Margo vitalizes your tired, over-
worked nerves into nerves of steel,
charging them with powers of tremen-
dous endurance and reserve
energy and does it without a single
dangerous drug. Margo is a scientific
combination of six of the most power-
ful and effective, yet absolutely harm-
less, nerve stimulants known to
chemistry and a month's systematic
use should completely transform the
worst nervous wreck into a strong,
healthy, vigorous man or woman.

Margo really does more good in the
average case of nerves than a
month's vacation because it not only
"rests" the nerves but puts new snap
and "glucose" and courage into your
entire body.

Margo must accomplish these things
for its cost is nothing. Laughey Drug
Co. and other leading druggists in
Connellsville sell it with this abso-
lute guarantee, positively agreeing to
refund the price paid to any patient
who fails to derive great benefit from
60 days' faithful use.—Adv.

DUNBAR.

DUNBAR, Sept. 19.—Mrs. Margaret
Conway and daughter Mable and son
Samuel spent Sunday at the home of
the former's daughter, Mrs. J. W.
Nelly near the Green House.

Misses Jean and Ella Wishart of
Pittsburgh, visited friends and relatives
here Sunday.

Mr. and Mrs. George Wagner of Rail-
road street, left yesterday for a two
week visit with friends and rela-
tives in Alliance and Cleveland, O.,
accompanied by their son, C. A.
Wagner and Mrs. Wagner of Con-
nellsville.

George Wishart left today for St.
Joseph's Hospital where he will under-
go an operation.

William Kelly of Pittsburgh, spent
Sunday here visiting relatives.

Mrs. Mary Kline of Pittsburgh, and
Paul Kline of Warren, O., are the
guests of Mr. and Mrs. Berlier of
Spencer, Ill.

Robert, Eugene and daughters,
Helen and Virginia, are spending a
few days the guests of their grand-
father, George H. Swearingen of this
place.

Mr. and Mrs. Edward Crow were
calling on friends in Connellsville
today.

DUNBAR, Sept. 19.—Mrs. Ella
Hamilton and Miss Sara Reinar were
shopping in Uniontown Monday.

Home—To Mr. and Mrs. Alfonso
Vescenti, a baby girl.

A very enjoyable surprise party
was held at the home of Mrs. Bert
Mittred in honor of her mother, Mrs.
Olivia Zebby's 57th birthday. Those
present were Mrs. Arthur Reshen-
berger, Mrs. John Robbins, Mr. and
Mrs. James Russell, Mrs. William
McLaughlin, Mrs. Warner Warnick,
Mrs. Andrew Swearingen, Mr. and
Mrs. Ira Crawford and son, Russell,
Mr. and Mrs. George Mittred and
daughter, Evelyn, Mrs. William
Brownless and children, Beatrice and
William, Mr. and Mrs. Bert Mored
and Miss Alice Zebby. Many useful
presents were received. At a late
hour a luncheon was served by the
hostess.

Misses Rachel Semans and Mar-
garet McDowell are taking a busi-
ness course in Douglas College, Con-
nellsville.

George Wishart was today removed
to Wilkesburg where he will be
operated on at the Columbia Hos-
pital.

Mr. and Mrs. James Smithley of
Hampton, Va., visited Mr. and Mrs.
Harry Guff of Railroad street Mon-
day evening.

Mrs. W. W. Warne was shopping in
Connellsville Monday.

CONFLUENCE.

CONFLUENCE, Sept. 19.—Misses
Helen and Rachel Miller and Ernest
Miller have returned to school at In-
diana after spending their vacation
with their parents here.

FORMAL FALL OPENING

Introducing the New

Fashions for Fall of 1916

Tomorrow, Wednesday, September 20th

The Honor and Pleasure of Your Presence is Cordially Requested.

"Preparedness" is the watchword of THE BIG STORE. To be always ready—to foresee and provide the things which our customers will need in season. To know, when summer suns are shining, what you will ask for when the first autumn weather sets in. To provide all these needs at less cost than other stores can provide them, is the purpose of THE BIG STORE, and we were fortunate in having made large purchases early, which insures our prices to be the lowest obtainable.

Orchestra Concert

A special musical program will be rendered in the afternoon from 2.30 to 5 by Kiferle's orchestra.

The New Millinery—Master Inspirations

The greatest profusion of styles of hundreds of both foreign copies and domestic models awaiting your pleasure makes detailed description impossible. We only wish to say that whether viewed as a magnificent whole or inspected in an individual way, the exhibit will delight the most particular and appeal to the most fastidious. From the most modestly priced to the most elaborate, a distinctive originality and individuality is manifest.

A Revelation of Style and Value Supremacy

Indeed this is a happy occasion for us—for we believe it will demonstrate again the leadership successfully maintained by this store. An absorbingly interesting display of discriminately chosen advance styles, copies and adaptations of the very last creations in Suits, Coats, Dresses of the foremost style centers. A display offering also unique price advantages, irrespective of the price you are prepared to pay, you can come here with the comforting assurance of finding just the particular Suit, Coat, Dress which meets your highest ideas.

The New Silk and Woolen Goods in Our Dry Goods Department.

There's hardly a weave or fabric in fashion that you'll not find well and fully represented. If for nothing else, they're worth coming to see for a knowledge of the new Silks and Woolens and the new apparel they will suggest as you admire them.

OPENING ALL OVER STORE

Every part of the establishment is showing its new Fall merchandise. It is Fall Opening for the Dress Accessory Department; for the Laces, Embroideries and Trimmings, for the Rug and Carpet Department, Curtains, Drapery Goods, Wall Paper—for everything!

KOBACKER'S

"THE BIG STORE"

ON PITTSBURGH ST.

Our Shoe Department Deserves Your Steady Patronage.

Our Fall Footwear for Women and Children have certainly done themselves proud. The new arrivals are receiving no end of enthusiasm. Numerous styles in all smart novelty effects and fashionable shades that will please the most exacting women. Your inspection is invited.

"See How That Corn Comes Clear Off!"

"GETS-IT" Loosens Your Corns
Right Off! It's the Modern Corn
Wonder—Never Fails.

"It's hard to believe anything could get like this in getting rid of a corn of corn. I just tried that corn right off with my finger and it came off. It's certainly wonderful. Yes, 'GETS-IT' is the most wonderful corn-cure I ever knew."

It's Just Wonderful, the Way "GETS-IT" Makes All Corns Go Quick.

ever known because you don't have to fool and putter around with your corns, burn them up with bandages or try to dig them out.

"GETS-IT" is a liquid. You put on a few drops in a few seconds. It dries. It's useless. Put your stocking on right over it. Put on your regular shoe. You won't hear or have a corn 'twist' in your face. The corn, callus or wart will loosen from your toe—off it comes. Glory be! 'GETS-IT' is the biggest selling corn remedy in the world. When you try it you know why.

"GETS-IT" is sold and recommended by druggists everywhere. See a bottle, or send on receipt of price to B. Lawrence & Co., Chicago, Ill.

Sold in Connellsville and recommended by the world's best remedy by A. A. Clarke and Laughey Drug Co.

SMITHFIELD.

SMITHFIELD, Sept. 18.—Born to Mr. and Mrs. J. T. King, Sunday, September 17, a baby boy.

Mrs. Hannah Abraham, Mrs. Harry Abraham, Mrs. Samuel Jackson and Mrs. H. O'Neill moved out to Jacobs Creek road Sunday to see Mrs. Samuel Townsend, who is recovering from her recent serious illness from blood poison.

Sunday morning, September 17 the first frost of the season was visible in Smithfield on the hill.

Charles R. Houd of Point Marion, was a caller here Sunday.

Rev. W. M. Ryan purchased a Ford Saturday. While driving it from the garage where he purchased it, to his residence on Church street only a square away from the garage, through the carelessness of a foreign chauffeur ran into a telephone pole, breaking a fender and one of the lamps.

James Kozora was a business visitor to Mount Pleasant Monday.

John Youkil, and H. O'Neill were business callers in Uniontown Monday.

Altha Craig and family of Uniontown, visited relatives here Sunday.

Mr. and Mrs. J. A. Rankin of Georges township; Mrs. Elizabeth Taylor and daughter Maggie, and Florence Taylor of Uniontown; Mr. and Mrs. Walter Wolfe and son Emerson of York Run, were guests of Mr. and Mrs. A. C. Kelger, Sunday, at their home on the Morgantown road in Georges township, the occasion being the 75th anniversary of Mrs. Rankin, also the 54th anniversary of Mr. and Mrs. Rankin's wedding, and

also the 22nd anniversary of Mrs. Walter Wolf, who is a daughter of A. C. Kelger.

Rev. Dr. Hill of the McKeesport district visited the Methodist Episcopal congregation here Sunday, and delivered an able sermon, presiding the fourth quarterly conference held in the evening.

Harry in Cumberland, Magdalene Josephine Kuhn of Republic and Martin R. Foley of Mount Draddock were married in Cumberland yesterday.

Aged Man's Skin Simply Raw from Chafing. Nurse Healed it with

Sykes Comfort POWDER

Miss Mabel Garrison, Secretary Oklahoma State Board of Registration for Nurses, says, "The skin of an aged man of 72 years was simply raw from chafing. Sykes Comfort Powder gave immediate relief and quickly healed his sore, chafed skin."

That's because of its superior medication, which combines healing, soothing and antiseptic qualities, not found in anything else. 25 cts at all dealers.

THE COMFORT POWDER CO., Boston, Mass.

Pale, Sallow Cheeks

show that the blood is impoverished and that the stomach is not properly assimilating its food. In fact a woman's physical condition always shows in her face. Paleness, blotches, pimples, sallowness or dull eyes all

Tell the Need Of

CHAPTER VIII.

Fleet Ordered to Sea.

The chief of staff finished a little under his tea and his hand on the table twitched. "What is your alternative proposal?" he questioned the secretary of the navy. "To defend the whole seaboard?"

"You mean to offer battle with the enemy at sea?"

"The secretary of the navy hammered the table. 'I mean to fight for the whole nation. If we lose every ship, before I would consent to cowardly locking our dreamboats into a snail for the protection of one group of states!'"

"The chief of staff turned from the secretary of war to the admiral beside him.

"The superiority of the navy as reported by the Salem is so contradictory that it is not to four times against us, is it not?" he questioned.

"The secretary of the navy hammered the table. 'I mean to fight for the whole nation. If we lose every ship, before I would consent to cowardly locking our dreamboats into a snail for the protection of one group of states!'"

The Rapport-Featherman Co. SEPTEMBER FURNITURE SALE

Puts This Massive Bed in Your Home

It's our intention to make terms so easy that people can keep on getting new things for their homes without the expense being a burden.

\$1.00 Down and 50c a Week

—are the special terms upon which we will sell fifty of these beds. No one will feel such a slight expense.

LOOK AT THE PRICE!—ONLY

\$7.65

Make note of the extremely large dimensions of this bed. It has massive 2 inch continuous posts, 7-8 vertical columns and 1 and 1-16 across rails. Yes, and you can have "VERNIS MARTIN," that rich, satin brass finish which will not tarnish, at no extra cost, or smooth, heavily coated white enamel if you prefer it. There's no such value in Connellsville.

It should take us only a few hours to sell fifty of these beds at such a price and on such easy terms, so come on Wednesday, in the morning if you can.

To protect the many who will respond to this announcement in person against disappointment, we will promise not to accept any mail or phone orders until all who call have been supplied.

Ladies! Don't Overlook This! Just for a Few Days We are Going to Hold

A Sale of McDougal Kitchen Cabinets

A LIMITED NUMBER OF THESE WONDERFUL CABINETS, FULLY EQUIPPED, WILL GO AT—

\$25.00

ON SPECIAL TERMS OF \$1.00 DOWN; \$1.00 A WEEK. Every woman has a right to a McDougal.

No woman should be compelled to slave over her work in the old-fashioned way when modern science has devised a means to abolish kitchen drudgery. See the many labor saving features found only in The McDougal—including the marvelous disappearing auto-front, which, at a touch of the finger, leaves the whole space above the table top open for use.

A Big Special

For Wednesday and Thursday Only

This Handsome Chiffonier Only \$14.75

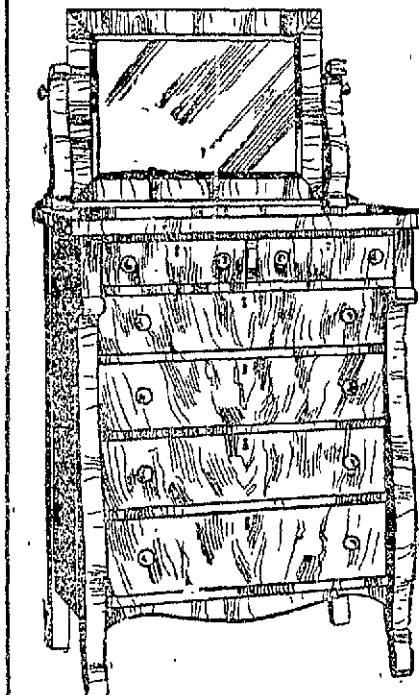

It's a great big beauty! You'll save almost half the regular price by hustening to take advantage of this offer. It stands 6 feet high, has heavy double thickness top and is the favorite Colonial design.

If you have ever felt the inconvenience of a shortage of drawer room you'll surely decide right now that you'll be one of the early buyers at the greatest Furniture Sale in Connellsville's history now being held at The Rapport-Featherman Company Store.

YOU'LL ALWAYS FIND THAT EVERY PRICE TAG IN THIS STORE POSITIVELY PROVES IN PLAIN FIGURES THAT YOU'LL DO BETTER AT—

The Rapport-Featherman Co.

Connellsville's Consolidated Furniture Stores.

A Special Discount

On all complete outfits selected during our September Furniture Sale.

We offer this inducement so as to get you to come before the big rush which always commences in October. You needn't have your selections delivered if you are not ready for them, but you'll save time, money, have a larger variety to choose from and be better pleased if you come NOW.

"I mean to fight for the whole nation," the secretary of the navy declared, "the western states will not send troops to the aid of the east. The state of Texas already has been obliged to station its troops on the Mexican border to take the place of the regulars now withdrawn."

"The California set down. The secretary to the president, who had entered the room the moment before, advanced to the head of the council table and laid a report before the president and above it a telegram in code with the translation of the code words written in pencil below the message. The president read the telegram, jerked back, and then, controlling himself, looked along the table.

"The question as to whether we were to send our fleet to the Pacific or keep it in the Atlantic has been removed from the field of our discussion, gentlemen. General Cortis has just telegraphed that the Galtuna district was destroyed on four days by a series of charges of high explosives. For six months at least the Panama canal is closed."

"Then the fleet must go around the Horn to the Pacific!"

"We must!"

For a few moments, as he read over the brief report brought him by his secretary, the president permitted the storm of debate to rage about him. Then he silenced it gently and said:

"Gentlemen, the disposition of the navy's forces as just now brought to me makes it imperative that whatever action we take should be ordered without a moment's further delay, and in this emergency I must agree with the secretary of the navy and as so, it seems, with the majority of you. I order the fleet to sea to battle with the enemy at the earliest possible moment and under the most favorable conditions for the defense of our country."

A gun was going "Thum! Thum!" it ceased and opened again, firing more quickly. "Thum! Thum!" And now, farther away, echoed different detonations. "Thum! Thum!" "That's not saluting."

"Saluting? I should say not. Not practice either."

"Then what is it?"

"Anti-aircraft, I should say."

The special from Chicago, now running on the Chesapeake and Ohio tracks, pulled into the station at Newport News, and as the officers and the blue-jackets from the cars the gring on the river became more distinct. Bob Wendell, not having charge of a detail, went from the station with the officers who were similarly mottled and hurried down to the water front. The estuary of the James river, where it widens at Hampton Roads, lay gleaming under the warm afternoon sun. A wind from the ocean was whipping up white spray in the roads, and the launches and little boats in the James rolled and splashed on their errands to and from the grim, gray battleships lying away toward Norfolk.

"Anti-aircraft, all right?"

A gun was almost directly up from the forward deck of a destroyer in the middle of the river. A haze of powder gas puffed from its muzzle, for the gun was firing as rapidly as the gunners could handle the ammunition. "Thum! Thum!" the detonation of the discharge thudded across the water, and from high overhead echoed the bursting of the shells. The holes of white smoke spotted the sky where the shells were breaking. There were more white clouds up there than one gun could fire. Another rifle must have come into action, Wendell, listening, heard the noise of a second gun from down the river, and yet for a moment more he failed to discern the target.

It was only a streak when he saw it—a delicate blue line barely discoverable against the azure of the sky. On both sides of the streak there was something upon which the sunlight glinted now and then, but which was itself invisible. These were the wings of the aeroplane, he knew, composed of the transparent cellulose substance used in Europe. The streak, painted to match the sky, was the body of the plane, unmarked, undoubtedly, and freighted with bombs. The height at which the machine was flying indicated at first that the pilot's purpose was reconnaissance; he was well above the smoke of the shells, but as Wendell watched, the plane suddenly swooped downward, circled and dropped again. Other guns—ten or a score of them, some in ships and others on the shore—awoke and mottled the sky about the plane with bursting shells. The machine rushed through them and swooped still lower, and, turning and coming with the wind, flew at the navy yard with marvelous speed.

"Mr. Wendell," a voice inquired. "Mr. Fulton and Mr. Ross?"

Wendell and his companions were in uniform, having made the change on the train; their orders, telegraphed to the train, were to report at once aboard the Arizona. A boy, in civilian's uniform, was addressing them. "I've come for you," he explained. "I'm from the Arizona; the launch is right here, sir."

The three men from the train followed the boy down to the boat and preceded him on board. The ensign—his name was Wayne—steered the launch swiftly across the water toward Norfolk. All about the anti-aircraft guns were going incessantly. Wendell's pulses quickened with the business of the firing, but for a few moments he silently studied the silhouettes of the ships lying further down the river and in the roads.

The big, four funneled, two masted destroyer which had started the firing was the Cummings. The Cassin of the same class was just beyond. A little further off the larger and newer destroyers, Agawam and Balch, both had brought their anti-aircraft guns into action. A couple of great cruisers—they had the two targets, four funnels and the huge funnels of the Montana class—spun a shell now and then, but for the most part they were silent. Sailors sprawled over their sides with paint pots and brushes, dabbling big blotches of gray over the lead colored paint. The superstructure and funnels of the cruisers, the turrets and the barrels of the long guns were already dappled, so that the outline of the ships, even when close by, was vague and broken.

Beyond the cruisers and shadowed by a dozen small torpedo craft, lay three monitor warships, each with a single gigantic funnel, two tall cage masts and four huge turrets, two forward and two aft. They were mottled like the cruisers, gray and darker gray. At a distance of eight miles or ten—at which such ships should fight—their mottling must make doubtful their silhouettes, but at three or four miles Wendell knew them—three of the most powerful superdreadnaughts of the American first line of battle.

He bowed toward Wendell's face as he saw them, and he raised his prism glasses to his eyes. "Which is which?" he asked of Wayne.

"The Nevada is nearest," Wayne replied. "The Oklahoma lies next."

Wendell nodded. He had made out through his glasses the distinguishing lines of the two newer monitors. Their lower turrets, low and stern, mounted three guns each, three of the huge fourteen inch rifles. The other turrets showed but two guns apiece, ten fourteen-inch rifles on each vessel.

"The next is the Pennsylvania," Wendell referred. All of its four turrets showed three guns each—twelve fourteen-inch guns together.

"Yes, sir. She came in just this morning."

"Then the Arizona's at the navy yard?"

"Yes, sir. We're taking on ammunition."

"I see." Wendell looked an instant across the water to the estuary of the Elizabeth, where the city of Norfolk lay on the left. Portsmouth, with the harbor, was on the right. He turned his glasses then back to the roads and the bay beyond. "What's our father?"

"Some of the mine layers. We've put out most of the mines at night, of course, but the recent aircraft were here right after daylight and spotted most of them, so we're adding a few more now—mixing the dummies and the real ones."

Wendell nodded. Afloat in an aeroplane at Pensacola he had seen how distinctly the mines, hidden by water from lookouts on ships' decks, stood out to the pilot and observer far overhead. Every mine at the entrance of the bay might be spotted on such a sunshiny day, but the observers in the air could not tell the real mines from the dummies.

"So our friend up there"—Wendell searched the sky for the blue streak of the enemy aeroplane—"hasn't our first visitor?"

"No, sir. I should say not."

"Where have they been coming from?"

"Some say that they must be coming from a secret shore base by an air strip somewhere on a backwater along the coast. They're all hydroaeroplanes, but they're more probably coming from some mother ship which is with their battle cruisers."

"Where are the battle cruisers?"

A flush stained Wayne's face as he answered. "Haven't you heard, sir? They've been raiding the coast all day. Two cruisers up above Boston, they say, shelled Salem and Newburyport. There's some more have been shelling Rhode Island and Long Island and New Jersey. They're all battle cruisers of their Carthage class or armored cruisers of the Vera type, six or seven knots faster than anything we've got except our destroyers. Our ships at Boston and in New York have been told to leave them away, of course, but we're not to send out our first line ships to do that. Their battle cruisers give us the touch and keep just out of range of us and shatter the coast. Atlantic City was on fire this noon, with 250 or 300 dead, and the squadron down this way—which that plane comes from, probably—shelled Ocean City, in Maryland, this morning, and another ship killed twenty women and children at Virginia Beach."

Wendell gazed at the great dreadnaughts lying in the roads. He felt the flush which had flamed to the ensign's cheeks as he confessed the helplessness of the fleet against the recent's battle cruisers now burning in his own veins. The two tall cage masts of the Arizona, toward which he was bound, showed above the other ships, before Portsmouth, and the objective of the aeroplane, at which the anti-aircraft guns of the destroyers had been firing for twenty minutes, now had become clear. Twice while the launch had been crossing the James the enemy's plane had dashed over the city, but had turned in a long ellipse to swoop back again. On the third return now the pilot appeared better disposed with his mission. As he passed over Portsmouth something dropped which glinted in the sunlight, and where it fell flame and black smoke and flying debris followed up. At the rear of the explosion the anti-aircraft guns redoubled their racket. But the aeroplane only "bunked" and swung about short and dropped another bomb, which blew up a second black cloud of destruction.

"It's devilish the Arizona, you see?"

Wendell handed his glass over to Ross, who was beside him—"or he's trying to get the navy yard arsenal."

The red warning flag—the signal for other craft to keep away while the battleship took aboard its powder, shells and ammunition—flashed from the Arizona's halyards. Wayne steered directly for the great ship. The aeroplane of the enemy had passed on. From a field near the water an American biplane whirled into the air. It was all white wings and brown body compared to the other, but it rose in a slow spiral and set itself in pursuit.

"That pilot has his nerve," Wayne admitted. "The fellow that tried to chase one of the planes this morning got shot down for it."

"Killed?" Ross asked.

"He fell in the bay from 3,000 yards." But the blue streak—the wings of the enemy's plane—was again and again visible—ignoring both the American biplane and the shells raining in the sky. It circled and flew for the navy yard once more.

"The Arizona, as Wendell had observed as he approached, was cleared for action. Everything movable which had been on the deck had disappeared—ladders, boats, railing, anchorlines, flagstaffs and ventilators. A crew of painters at work forward were finishing the prescribed mottling of the ship. The officer of the deck was standing on the side toward the dock with another officer superintending the tacking on of ammunition. The officer of the deck, glancing up at the aeroplane, shouted an order for the men to cease bringing powder. Wendell approached him tensely. From directly overhead—as nearly overhead as the pilot of the plane could calculate—aerial torpedoes were descending upon his ship. Wendell knew this without looking up. Ross, who was beside him, knew it, as did Fulton, who followed. The officer of the deck, turning, saw the three junior lieutenants and cried to them to take cover. At the same instant a cry of alarm came from a seaman who was standing further forward, and shouts from others on the docks gave warning, cut short in the middle by a shock and roar which battered and confused. Bob Wendell, swaying and grabbing for support, caught the shoulder of some one. The gas from the explosion choked and stilled him. Pain in his eyes blinded him for a moment; then he coughed the gas from his lungs and was able to look about.

CHAPTER IX.

Cleared For Action.

WAYNE brought the launch to the side of the Arizona as the blue aeroplane headed into the wind from the sea and maneuvered for position overhead. It was plain that the pilot was to drop bombs again, but Wendell, with Ross and Fulton just behind, climbed to the deck of the battleship, and now, as they were in sight of other officers and men, they did not even look up at the menace overhead.

FROSTY SONS GIVE STERLING A VERY FRIGID RECEPTION

Will Have to Get All His
Support From Fayette,
Wise Ones Say.

DEMOCRATS NURSE GRIEVANCE

Can't understand Why Federal Plums
Went to Sterling's Own County and
None to Somerset: Won't be as Suc-
cessful in Politics as in Baseball.

Hon. Bruce F. Sterling and Hon. C. Gregg Lowellyn have been doing some pussyfooting through Somerset county, and have been discovered by the Somerset Herald, which reports that they left Somerset much "down in the mouth." The Herald further says: "Sterling and Lowellyn have been the chief dispensers of federal patronage in the 23rd Congressional district under President Wilson, and innocently, or otherwise, seem to feel that not only all of the Democrats will rally to the support of Sterling, but that many Republicans are so pleased because their political friends were kicked out of office, that they will vote for the Democratic candidate. They are reported to have made the statement that this will be the case on the other side of the mountains, over in Fayette county, where they used to have a bi-partisan political machine, which was fortunately smashed two or three years ago and which from all indications is as helpless to re-establish itself as Humpty Dumpty is reported to be. Sterling visited Somerset on another occasion, when he was a star baseball player, one of the famous McCracken Colts, and on that well-remembered occasion put it all over the Somerset players. The truth is, even if it must be admitted at this late day, that the Somerset team was composed of veritable rascals so far as mastery of baseball is concerned, but Sterling and Dolt Johns, who planned the coupe, love to refer to it and laugh about it until their sides ache over now, twenty years or more since the game was pulled off on Musselman field.

"It is not at all improbable that Sterling hopes to repeat his achievement on the ball field in politics this fall. When he came here to play ball he successfully concealed his identity until after he returned home, and by pussyfooting political tactics he aspired to election to the chair now occupied by the Hon. Robert P. Hopwood in the lower house of Congress.

"If an unbiased opinion can be formed from the talk heard among Somerset county Democrats Sterling will not poll anything near the strength of his party in Somerset county on election day next November. Hundreds of Somerset county Democrats, who feel that they belong to William Jennings Bryan's Deserving class are unable to understand why they were overlooked when the plums were handed around, and why all of the best fruit was grabbed by Fayette county Democrats. Some of them, Democrats who have been feudist on political husks ever since the Civil War, can't get it through their heads why all of the rewards of party loyalty should be handed over to Sterling, Lowellyn, et al., and the youngsters who trail after them in politics.

"If Mr. Sterling is to be elected to Congress he will have to get his votes on the west side of the mountain, and he'll have to get a mighty big lot of Fayette Republicans to support him if he is to run the full vote of his party in the 23rd district. Under ordinary circumstances the Republican majority in the 23rd district is anywhere from 7,000 to 8,000. Somerset county furnishes more than half of the majority and there is no apparent reason why, with a united party back of him, Bob Hopwood should not receive the largest Republican majority given for any candidate since the district was erected almost twenty years ago. Your Uncle Robert is not losing any sleep over the pussyfooting tactics of his opponent, and there is no reason why he should, if political sentiment in Fayette and Greene county is anything like it is in Somerset."

TAKES CLOSE ONE.

Trotter Beats Southwest, 2-1; Collier Also a Winner.

Trotter defeated Southwest last night in a 55-minute game, the score being 2-1. Trotter only got 3 hits, but they were bunched and counted for two runs. Southwest, on the other hand, touched Labiak and Swope, the Trotter pitchers, for 7 hits, but only scored once. Henty, the leading star of the game, prevented several Southwest runs by spectacular stops.

In the other Fricke Cup game yesterday, Collier shut out Alburt to the tune of 2-0. The game was only 7 innings, and it was a pitchers' battle between Danley and Haggerty all the way through.

INTRODUCING A NEW LINE OF STATIONERY

"JACQUELIN"

—If one is to be judged by the paper one uses; why not be judged by the best? By using "JACQUELIN"—this new line which is all our own, you enjoy two things:—the satisfaction of knowing your letters are written on paper in perfect taste, and that the person to whom you write is paid a subtle compliment.

—Correspondence Cards, 25c Box.

—Boxed Paper with two styles Envelopes, 25c Box.

—Boxed Paper, Envelopes and Correspondence Cards, 25c Box.

SPECIAL

—Boxed Paper consisting of 12 sheets, of paper, 10 correspondence cards and envelopes to match both. Illuminated initial in black and gold. Padded. All initials.

29c Box
